SQUABBLE IN NAVY COMMITTEE

QUESTION OF WAITING ON PEACE CONFERENCE TO BE SETTLED FIRST.

By the Associated Press

WASHINGTON, Jan. 25.—A sharp division among members of the house naval committee over the wisdom of passing the second three years building program until after the peace conference's decision on world disarmament, it was learned today, has led to the delay of a week before attempting final action.

BOLSHEVISTS LOSE AND WIN

NAVAL ATTACK ON REVAL FAILS DEFEAT ARMY AT UFA WHEN AMMUNITION FAILS.

By the Associated Press

LONDON, Jan. 25.—The Bolsheviks' attempt to bombard Reval, capital of Estonia, from the sea resulted in complete failure according to reports here. Every vessel in the fleet is said to have been sunk.

Ufa Falls to Bolsheviks.
VALDIVOSTOK, Jan. 25.—Ufa has fallen to the Bolsheviks. The reverse to Russian and Czech-Slovak forces there is said due chiefly to the failure of arms to arrive from Vladivostok. Troops which defended the city have fallen back 140 miles to the northeast where they are making a stand in the gorges of Ural country. Further north Bolshevik forces have driven back from Perm when General Galda's Czech-Slovak forces took the city have been reorganized and are reported fighting desperately along the Kama river.

GERMANS LOST 203 SUBMARINES

BRITISH LOST ONLY FIFTY-NINE SUBMARINES DURING WAR.

By the Associated Press

LONDON, Jan. 25.—Fifty-nine submarines were lost by the British navy during the war. Of these thirty-nine were destroyed by enemy action. Germany lost 203.

PROCEEDINGS OF OKLA. LEGISLATURE

OKLAHOMA CITY, Jan. 25.—The Senate today revived the senate bill by Biddison and Henry of the House and Knie of the Senate relative to trust companies becoming guardians for minors. Both houses acted on the bill Thursday at the same time and both practically killed it, the house by indefinitely postponing it and the senate by striking out all but the enacting clause. The latter today reconsidered its action and perfected the bill and advanced it. In its final form trust companies are placed on the same plane as individuals and cannot become guardians for more than five.

The Senate also advanced the bill by Spurlock providing for two scholarships from each county to the A. & M. College. It allows \$200 a year for a two-year course, the student pledging that he will spend as long on the farm afterward as he went to school.

The bill by Snyder of the Senate requiring liquor confiscated by officers to be turned over to the county was passed finally in the Senate, as also was another by Snyder fixing salaries of court assistants to the County Attorney and providing an evidence man. This pertains to Oklahoma county.

The House in committee of the whole killed the bill by Ticer, Nesbit and Platt revising the divorce laws. Numerous amendments were offered. Ticer explained that the bill was intended to make it more difficult than at present to obtain a divorce, but amendments offered indicated that members did not approve the bill as introduced.

The House also killed the bill by Cheatham granting amnesty to all persons who volunteered or were drafted into the army.

Other measures passed in committee of the whole by the House were: By Dodson, relating to normal institutes and teachers' training courses; by Woodward, providing for publication of assessments before the State Board of Equalization; by Harris, Bobo and Collins, relative to the penalty on delinquent taxes. The bill sought to reduce the penalty from 18 to 10 per cent, but it was amended to 12 per cent.

The House took favorable action on the bill by Neff, Disney and West of the House and Kerr of the Senate. This bill, while a new one, cures defects in a statute now in force known as the Muskogee City Court law. Under the old law it was complained that a person living in any part of the state could be sued and brought to the Muskogee court. The new bill corrects this and provides for city courts in towns with a population of more than 20,000 and less than 45,000, as explained by Disney.

The House passed finally the bill by Ruth, Anglin and Disney relating to the Supreme Court, authorizing that tribunal to appoint a referee, and to appoint an additional law clerk to the Chief Justice, who shall be Marshal of the court.

Similar action was taken on the bill by Kieght creating a military academy located at Claremore. A board of regents will manage the institution and an army officer is to be instructor. Sufficient appropriation is made to put the law into effect. The House also passed the resolution by McAlester of the Senate and passed in that body Thursday evening asking Congress to pass an act declaring it to be the sentiment of the government to refrain from interfering with state control of telephone charges.

Among the bills receiving favorable committee reports in the House was that by Stevenson of Garvin prohibiting the speaking or use of the German language in the state "in any form or use." A committee amendment which was accepted makes the provisions of the bill apply to persons "who have resided in the United States for two years." Both houses have already passed the bill by Hoover which would restrict the teaching of foreign languages in public schools up to and including the eighth grade. After that it would be permissible to use German, as far as the Hoover bill is concerned, but the Stevenson measure would prohibit it altogether.

COMMITTEE FOR BETTER ROADS

SENATE POSTOFFICE COMMITTEE RECOMMENDS EXPENDITURE OF \$200,000,000.

By the Associated Press

WASHINGTON, Jan. 25.—Besides recommending salary increases for virtual yall postal employees, the annual postoffice appropriation bill as revised and reported out today by the senate postoffice committee, proposes appropriations of \$200,000,000 during the next three years for construction and maintenance of roads.

LIEUT. PAUL ALDERSON RECEIVES DISCHARGE

Lieut. Paul Alderson received his discharge Friday and has returned home.

The young officer was a member of the famous 90th division, composed largely of Oklahomans and Texans, and which sprung some very unpleasant surprises on the best troops the Kaiser could put into the field. He was in the St. Mihiel drive and on October 18 was ~~in the~~ in the hospital until sent home. He states that the Germans kept his sector buried under a deluge of gas for three days and it was impossible to avoid getting some of it even though protected by gas masks.

He was in the thick of the fight at St. Mihiel and says the slaughter was something awful, but the Americans drove back the best men the Germans could put up against them. In their haste to get away they left immense quantities of ammunition and other supplies which the Americans used to good advantage. He says the mountains of ammunition left behind looked to be enough to wipe out the entire American army.

Speaking of the effectiveness of the American shotgun as a weapon, he mentioned a brush that a patrol of eight men under his command had with a bunch of fifty Germans that they met in No Man's Land one night. The Americans turned loose the shotguns and when the melee was over fully half of the Huns were down and not an American lost. They had to beat it in short order, however, for the Germans immediately laid down a box barrage, covering a large square where the fight took place, and finished all their own men who had been wounded, the Americans having by that time escaped to safety.

On one occasion he captured a machine gun and three Germans by slipping up on them with his automatic pistol and firing largely by guess into their nest. All three soldiers sprang out with hands up and yelling "kamarad," but he modestly says they only gave up because they thought a large number of Americans, instead of one, were after them. Being the battalion patrol officer he had some close shaves in No Man's Land, but always managed to extricate his men from difficulties.

Lieut. Alderson fully agrees with General Sherman on the meaning of war, and while he made a highly creditable record, is very reticent about it and it takes close questioning to learn anything about his experiences, for boasting is not in his nature. However, his conduct brought a recommendation for a promotion in recognition of his services.

STONEWALL HOSPITAL FOR FLU PATIENTS

From the Stonewall News.

The Stonewall Emergency Hospital, which opened for business last Wednesday, has been a busy place since the first patients arrived.

Four nurses have been placed on duty, and other assistants are always on hand to minister to every want of the patients who go there for treatment.

At the mass meeting where steps were taken to open the hospital, the entire proposition was left in the hands of the following committee: J. C. Walker, P. G. Nebbutt, J. W. Denton, L. W. Odum, Geo. Burris, Steve Elish and C. C. Burrows. This committee met Sunday morning and chose W. W. Gaines as manager, and J. C. Walker assistant manager.

Another important step taken by the committee was that of instructing the physicians to issue an order in each case that the patient is a sufferer from influenza, and not of some other disease, declaring that the hospital is for influenza patients and none other.

Twenty-two patients were in the hospital Wednesday.

nation of the Bulgars and Austro-
Magyars.

"Our enemies sought not only to
destroy Serbia economically but to
exterminate her people, so as to rid
themselves once and for all of the
barrier which blocks Germany's way
from Berlin to Bagdad.

"The restoration of Serbia will
require a certain amount of time. The
enemy must return everything he
plundered from the Serbian muse-
ums, libraries, universities, churches
and schools and whatever has been
destroyed must be replaced. Germans,
Austro-Magyars and Bulgars must re-
turn the livestock which they drove
away and pay for the timber, vine-
yards and orchards which they cut
down and ruined. Agricultural im-
plements and industrial machinery
must be replaced in kind. The Allies
must supply us with food as quick-
ly as possible, likewise with textiles,
and medical stores all of which are
completely lacking in Serbia. De-
vastated towns and villages must be
rebuilt. Banks, loan societies and sav-
ings banks must be supplied with
money so that economic enterprises
may be revived."

Estimating the damages inflicted
upon Serbia, M. Savcic, who was
former Serbian minister of Public
Works, places the value of one year's
harvest in Serbia at 1,600,000,000
francs and adds that the enemy seized
three harvests. The invaders de-
stroyed 130,000 horses, 6,000,000
sheep and goats, 2,000,000 pigs, 1-
300,000 cattle and more than 8,000-
000 poultry.

Manufactured goods to the value
of 750,000,000 francs were carried
away or destroyed, he says. Damages
to private property such as furni-
ture, machinery, etc., he estimates at
400,000,000 francs. The enemy car-
ried off from Serbia silver currency
amounting to 30,000,000 francs and
jewelry of about the same value.
Requisitions, enforced subscriptions,
to enemy war loans and damages sus-
tained by private financial concerns
are estimated at 800,000,000 francs.

There are now about 100,000 dis-
abled persons to be cared for and
more than 150,000 orphans to be fed,
clothed and educated. "Pensions,"
says M. Savcic, "must be provided
for the very large number of widows
and orphans. Our allies must compel
the enemy to repair roads, bridges,
tunnels, railroads and to return the
shipping and rolling stock which was
removed."

SUNDAY SCHOOL LESSON

Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1918, Western Newspaper

LESSON FOR JANUARY 26

ISRAEL CROSSING THE RED SEA.

LESSON TEXT.—Exodus 14:13-15:21
GOLDEN TEXT.—Thus the Lord saved
the Israelites that day out of the hands
of the Egyptians. Exodus 14:30.
ADDITIONAL MATERIAL.—Deuteronomy
4:32-40; Psalms 78:1-14; 106:7-12; He-
brews 11:29.

The tenth stroke from the strong
hand of the Almighty made Pharaoh
willing to let Israel go. The tenth turn
of the screw of omnipotence brought
him to time. The Israelites go out on
their way to the promised land with a
high hand. Through the land of the
Philistines the journey would have
been comparatively short; but God com-
manded them to turn from that way
lest going through the land of the
Philistines they see war and desire to
turn back to Egypt. The Lord had re-
spect for their needs. "He knoweth
our frame, he remembereth that we are
dust." (Psalms 103:14). He suits our
trials to our ability to meet them.

The Lord went before them in a
pillar of cloud by day and a pillar of
fire by night. He not only thus indi-
cated unto them the right path, but
walked with them in it. God does not
deliver and then leave us alone, but
becomes our companion. At the Lord's
direction they turned from their first
course and were made to face a seem-
ingly difficult. The Red sea was before
them, and mountains on either side.
The stricken Egyptians had recovered
from their sorrow and now saw the
Israelites in a situation from which
they could not extricate themselves.
They interpreted this to mean that
Moses was unable to lead them out of
their difficulty; therefore, they went
in pursuit, hoping yet to prevent them
from going out of the country.

I. The Miraculous Escape of the
Israelites (14:13-22).

They were in a straitened condition
but had no reason to fear, for the
Lord had led them there. It is safe
to be where the Lord leads, though
every avenue is closed against us.
There seems to be a two-fold object in
leading them into this peculiar place:
to strengthen the faith of the people
and to lay a snare for the overthrow
of the Egyptians. The people, as usual,
displayed their unbelief and even cen-
sured Moses for leading them out of
Egypt. Moses replied to their mur-
murs by saying, "Fear ye not, stand
still and see the salvation of the
Lord." Standing still in such a trial
is faith taking hold on God's prom-
ises. This is hard for the natural
man to do. Before the salvation of
the Lord can ever be seen or experi-
enced we must come thus to him.
While reposing our confidence in the
Lord, there comes a time when we
must make our faith active. God said,
"Wherefore criest thou unto me?
Speak unto the children of Israel that
they go forward." Having had his
definite promise, to have prayed long-
er would have been unbelief. The thing
to be done then was to step out
upon his eternal promise. The lifting
up of the rod simply served as some-
thing tangible upon which their faith
could act. They were to go forward a
step at a time, without raising any
question as to the outcome; for from
the same source from which came the
command, came the power to obey.
The presence of the Lord was adapted
to their needs as they went forward.
As they went forward the very thing
which seemed their destruction be-
came a wall of protection on either
side.

II. The Overthrow of the Egyptians
(23:27).
Having seen the Israelites go across
dry-shod, Pharaoh and his hosts mad-
ly pursued them. They insanely
thought that they in their unbelief
could follow in the wake of God's chil-
dren. The very things which are a
wall and defense to the faithful be-
come a snare and a means of destruc-
tion to the enemies of God's people.
The Lord looked forth from the cloud
and wrought confusion among the
Egyptians. There is a day coming
when a look from the Almighty will
cause a much greater consternation
among the wicked (Revelation 6:16;
17; 20:11-13). He not only looked
upon them but took off their chariot
wheels, which caused them to realize
that God was fighting against them.
He then directed Moses to stretch
forth his rod and bring destruction
upon the Egyptians. So complete was
the overthrow that it is said that not
one escaped.

III. The Song of Triumph (15:1-21).
Standing on the other shore of the
Red sea, they could fittingly sing the
song of triumph, because of the mirac-
ulous deliverance and the overwhelm-
ing defeat.

Higher Electric Rates— WHY?

We are asking for an increase in rates and we want every customer to know
that we are making the application and the reason for it.

Everyone knows that costs in all lines of business have advanced. Ours is no
exception and yet we have been rendering service at the same old prices.

Everything that enters into the manufacture of electricity has advanced in
price. One of the largest items—fuel—has advanced 175 per cent since November
1st, 1917.

The following are the present and proposed lighting rate schedules—

LIGHTING RATES.	
Present Step Rate.	Proposed Block Rate
1 to 49 KW 12c Net	First 50 KW 14c Gross or 12.6c Net
50 to 99 KW 11c Net	Next 50 KW 12c Gross or 10.8c Net
100 to 199 KW 10c Net	Next 100 KW 10c Gross or 9 c Net
200 to 299 KW 9c Net	Next 200 KW 8c Gross or 7.2c Net
300 to 399 KW 8c Net	Next 200 KW 6c Gross or 5.4c Net
400 to 599 KW 7c Net	All over 600 KW 5c Gross or 4.5c Net
600 or more KW 6c Net	

POWER RATES	
Present Step Rate.	Proposed Block Rate
1 to 99 KW 8 c Net	First 100 KW 8.5c Gross or 7.65c Net
100 to 199 KW 7.2c Net	Next 100 KW 7 c Gross or 6.3 c Net
200 to 299 KW 6.4c Net	Next 200 KW 6 c Gross or 5.4 c Net
300 to 499 KW 5.6c Net	Next 600 KW 5 c Gross or 4.5 c Net
500 to 999 KW 4.8c Net	Next 1000 KW 4 c Gross or 3.6 c Net
1000 to 2999 KW 4 c Net	Next 3000 KW 3 c Gross or 2.7 c Net
3000 to 4999 KW 3.2c Net	All over 5000 KW 2c Gross or 1.8c Net
5000 to 5999 KW 2.8c Net	
6000 or more KW 2.4c Net	

The above Net Rates apply on all bills paid on or before the 10th of the following
month.

An estimate of our net income for 1919 based upon 1918 gross revenues, less
expenses at present prices, will be about \$9,000.00, which would be only 9 per cent
on our taxable value, which is placed on our property by the State Board of Equal-
ization.

Now we are not asking a rate that will give us a profit. Neither are we asking
enough to cover a reasonable amount for interest and depreciation on even our tax
valuation, although in other lines of business selling prices have advanced in propor-
tion to the costs. What we do ask is that we be given an advance to cover part of
the advance in cost.

The above increase in rates applied to the same amount of current as sold in
1918 would increase our gross revenue only about \$3,100.00 but we are optimistic
regarding the future of Ada—always have been, else we would not have invested
money here in the first place and would not have done our share of the boosting—
and we are willing to let the bright prospect of better days to come take care of part
of the deficiencies of the present. We believe that the continued growth of the city
will add enough new business to cover the difference between the above amounts
(\$9,000 plus \$3,100) and what should be a reasonable amount to cover interest and
depreciation.

How will this change in rates affect our customer's bills?
Over 85 per cent of the bills are for less than 50 K. W. The old rate on these
is 12c. The proposed net rate would be 12.6; an advance of only 6 mills—only 5
per cent. Not as much as you expected, is it?—On larger quantities the net advance
will vary from 1-2c to 1-1-2c.

Our books are kept in accordance with the system of accounting prescribed by the
Corporation Commission for all public utilities—and the reports made therefrom
monthly, quarterly and annually are made under oath and filed with the Commission
regularly. The evidence submitted with our application is based upon these reports.

We will gladly give further information and details to any customer who will
call at our office.

The Corporation Commission has set Friday, January 31st, for the date of hear-
ing at Oklahoma City.

CONDITIONS IN BELGIUM VERY BAD

Brussels, Jan. 19.—(Correspon-
dence of the Associated Press)—Con-
ditions here and elsewhere in Bel-
gium generally are very hard. The
prices of food have reached a dis-
tressing height. Coffee costs the
equivalent of about \$5 a pound; meat
and butter, \$2.50; sugar 62c; eggs,
40c each. Men's suits of poor quality
cost from \$100 to \$120. Men's shoes
are about the same as clothing. A
moderate meal in a restaurant costs
the equivalent of about \$5.

The streets of Brussels are filled
with promenading crowds from
morning to night because scarcely
anybody does any work. The shops,
many of which indeed are closed, sell
next to nothing for two reasons; in
the first place, because they have
very little to sell and, secondly, be-
cause the prices are so high that the
public cannot possibly afford to pay
them. The people have been very
much disappointed about prices. They
always hoped that as soon as the war
was over and the armistice was
signed the necessities of life would
be procurable at normal prices. Their
anticipation has been far from being
realized. In fact, people have to pay
nowadays quite as much as when the
Germans were in Brussels.

The number of places of amuse-
ment, dancing houses and the like
has increased to a great extent.
Another grave economic difficulty
arises out of what is called the un-
employment fund. This war created
during the war to aid workmen, em-
ployees and others to enable them to
subsist without having to be depend-
ent upon the Germans. In the first
instance this fund worked advan-
tageously but after a while a dif-
ferent state of things arose. O work-
man who was being fed gratuitously
by the relief organizations received
from the unemployment fund regu-
lar pay of about 100 francs a month
for doing nothing, and numbers of
these workmen, well content with
their lot, refuse to return to work.

The railways, telephones and tele-
graphs in Belgium have been for
practical purposes destroyed. The
Belgians are doing their best to re-
store them but it will take a long
time before the ante-bellum condi-
tion is re-established. Out of pure
mischief the Germans destroyed all
that they could. For instance, the
rails on the line between Aenderkerke
to Bruges and Ghent were cut into
pieces three or four yards in length
and this was done in the most sys-
tematic manner, a special machine
being brought up to sever the rails
one by one. The line is now being

gradually restored but one can still
see the short lengths of rail ranged
in heaps along the track.

Communication between one town
and another is most difficult. In
places where the lines are to some ex-
tent, but only temporarily, restab-
lished one or two trains are run in
the day but they go very slowly, tak-

ing many hours over journeys which
formerly lasted from half an hour
to an hour. Until the communication
routes are restored the re-provision-
ing of Belgium will be very difficult
and prices cannot go down.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better. In fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feel., are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

JESS WILLARD WILL DEFEND CHAMPIONSHIP

By the Associated Press
CHICAGO, Jan. 25.—Jess Willard, champion heavy weight pugilist, and Tex Rickard, promoter, having signed an agreement that the former shall meet an unnamed opponent for \$100,000, probably in July, planned to depart today for Texas. Promoter Rickard said Willard's opponent will probably be George Carpenter of France or Jack Dempsey, American aspirant for the championship. Rickard, however, reserved the right to wait till March 26, before naming Willard's man.

Ada, Okla., Jan. 24, 1919.
Mr. Bud Ellison:
I am proud of the medicine I have bought from you. I have had 5 cases of flu in the past 8 days and we have used \$2.50 worth of your medicine. Now they are all setting up and getting along fine. If people would use more of your remedy and less doctors I think they would have better luck. Your friend as ever,
ELBERT REUELL.
